

The City of Jasper's City Hall reopened for normal business hours on June 1, 2020 while practicing social distancing and safety precautions.

The City has not shut off any services during the Covid 19 Pandemic nor have any late charges been charged on any account. The staff has encouraged continuing to pay your utility bill through this time, even if it is only a partial payment. We did not forgive any payments nor did anyone lose any City services during this time.

With that being said, utility shut off will resume again after June 22<sup>nd</sup> and late fees for May billing will be applied after June 12, 2020. Please contact Customer Service for any questions regarding your account.
